Dr. Wais Arsala  
Sports Medicine Physician  
Kaiser Permanente  
4601 Dale Rd  
Modesto CA 95356

Dear Dr. Arsala

I am writing to express my interest in obtaining an internship opportunity at Kaiser Permanente. I am a senior in high school with a strong interest in pursuing a career in sports medicine and have learned of your exceptional practice through the reputation you have in the community and word of mouth. I am impressed by your detail-oriented approach to aiding injured athletes and patients, and I believe that an internship at your practice would provide me with valuable knowledge and skills that I can use in my future studies and career. This opportunity would be an amazing fit for me because of my growth mindset, consistency, as well as dedication.

In addition to my rigorous academic coursework such as AP Calculus and 4.83 TGPA, I have led and organized multiple clubs on my campus and fundraised over \$2500 this year towards disaster relief and cancer research. I have actively volunteered at dental clinics such as Union City Dental Care Center, shadowed dentists and orthodontists, and worked under a dentist this past summer. I am enthusiastic about potentially gaining firsthand experience in sports medicine patient care and how to expertly facilitate and organize the management of patients and teams. Any opportunity to learn patient care skills or different perspectives on the profession I have taken in and am always eager to observe and learn every day.

I would be grateful to receive the opportunity to interview with Kaiser Permanente for an internship. I can be reached via email at [spencer.redula@gmail.com](mailto:spencer.redula@gmail.com) or by phone at (209) 629-1133. I look forward to contributing to your team in a meaningful way and learning from your expertise. Thank you for your time and consideration.

Sincerely,

Spencer E. Redula
